## **CHARTIERS VALLEY SCHOOL DISTRICT**

Dear Parent or Guardian:

The school health law requires <u>physical examinations</u> for children entering <u>kindergarten and grades 6 and 11</u>. These grades were selected because they represent critical periods of growth and development in a child's life.

We are recommending that these examinations be done by your family physician since he can best evaluate your child's health and assist you in obtaining the necessary treatment and correction.

It is important that the school have a record of your child's physical health status. If you decide to have the examination done by your family physician, at your expense, please have the attached form filled in completely. The form must be returned to the school nurse by September 15<sup>th</sup>. After that date, your child will be scheduled to have the examination done by one of the school physicians in the school office.
